SYNTHETIC DEMONSTRATION DOCUMENT. Created 21 July 2026 for testing the Enid platform's inbound document digestion workflow. Not prepared, issued or approved by ABPA Holdings Limited, Associated British Ports Holdings Limited, ABP Finance PLC or any other ABP entity, and not a record of any actual certification. All figures stated as at, or for the period to, 30 June 2026 are fictitious: the position is modelled from the FY December 2025 covenant-basis figures by growing revenue by ten per cent. (£82.0m), flowing that growth fully into Consolidated and Adjusted Consolidated EBITDA, and holding Net Borrowings and Net Interest Payable flat; the cargo-volume statement is wholly illustrative. The 31 December 2025 comparatives, threshold levels, and ratio definitions derive from public filings (ABP Finance PLC prospectus dated 25 November 2011, pp. 123–129 and 221–242) and the ABPA debt investor reports as loaded on the Enid platform.
