Date of this Certificate: 21 July 2026
Calculation Date: 30 June 2026
Relevant Period (Interest Cover Ratio): the twelve months ended 30 June 2026

Dear Sirs,

1. This Compliance Certificate is delivered by Rennick Harbours Limited (the "Obligor") to Thornbeck Corporate Trustee Limited (the "Security Trustee") pursuant to Clause 8.2 (Compliance Certificates) of the common terms agreement dated 14 March 2019 between, among others, the Obligor, Rennick Harbours Holdings plc, Rennick Harbours Finance plc and the Security Trustee (as amended, restated and supplemented from time to time, the "Common Terms Agreement"). Terms defined in the Common Terms Agreement have the same meaning when used in this Certificate unless expressly given a different meaning in it.
2. The Calculation Date to which this Certificate relates is 30 June 2026 and the Relevant Period is the period of twelve months ended on that date. The financial ratios set out in Schedule 1 (Interest Cover Ratio) and Schedule 2 (Leverage Ratio) have been calculated in respect of that Relevant Period in accordance with Schedule 4 (Financial Definitions and Calculations) of the Common Terms Agreement, and no adjustment, cure amount or pro forma item has been applied other than as permitted by that Schedule.
3. The figures set out in the Schedules have been extracted from the unaudited consolidated management accounts of the Security Group for the six months ended 30 June 2026, read together with the audited consolidated financial statements of the Security Group for the financial year ended 31 December 2025, in each case prepared on a basis consistent with that applied in the preparation of the Original Financial Statements. There has been no change in the accounting basis, policies or reference periods of the Security Group since the date of the Original Financial Statements which would require restatement under Clause 8.4 (Accounting Basis).
4. We confirm that, at the Calculation Date, the Interest Cover Ratio was 2.92:1 and the Leverage Ratio was 5.53:1, and that each such ratio is within the levels prescribed by Clause 9.1 (Financial Covenants) of the Common Terms Agreement. Accordingly, no Trigger Event has occurred in respect of either ratio tested by this Certificate.
5. Having made due enquiry, and on the basis of the Approved Business Plan most recently delivered to the Security Trustee together with the assumptions stated in it, we confirm that we do not expect the Interest Cover Ratio to fall below, or the Leverage Ratio to exceed, the relevant Trigger Event level in respect of

either of the two Relevant Periods ending after the Calculation Date, and that no Trigger Event is projected to occur during that forward-looking period.

6. We further confirm that no Default and no Trigger Event has occurred and is continuing at the date of this Certificate and that, so far as we are aware after due enquiry, no Default or Trigger Event is reasonably likely to occur as a result of any matter subsisting at that date. Should any Default or Trigger Event subsequently occur, we shall notify the Security Trustee in accordance with Clause 8.6 (Notification of Default).
7. This Certificate is given by the undersigned Authorised Signatories for and on behalf of the Obligor and not in any personal capacity, and a copy has been delivered to Penhurst Agency Services Limited, as Facility Agent, and to Ashvale Fiduciary Services Limited, as Bond Trustee, in accordance with Clause 8.2(c) of the Common Terms Agreement.
